From one of a kind weddings to curated, team-building company events, our in-house team works tirelessly to execute your vision into the experience of your dreams. With end to end curation, program planning and custom menu creation, there is no end to the possibilities. Activities onsite include fly fishing, yoga, golf, meditation, foraging with our chef, hiking the grounds to the private beaches, exploring the hedge maze, walled garden or magic parlour and enjoying an evening by the fire with Veitnamese and Scottish inspired fare.

Ours seasonally driven menu is a feast for the senses.
